

Using your BrilliantSmart app you can turn this device ON/OFF. See over for Voice Control.

8. If unsuccessful click '**How to make light blink rapidly**' and follow the steps.

If still unsuccessful turn off the power to the smart device, wait for 30 seconds, then try again.

Multiple Ceiling Lights

It can be more reliable to add one ceiling light at a time with power to the others turned off.

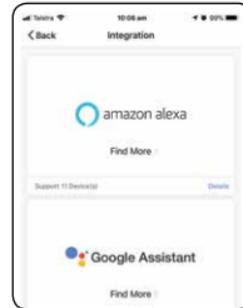

Multiple units can be added at once but they then need to be identified once connected. This can be done by turning them off and on (via app) and renaming the device name accordingly.

Voice Control

To integrate with Amazon Alexa or Google Assistant devices Open the BrilliantSmart app press '**Profile**' then '**Settings**' then '**Integration**'.

Click on Amazon Alexa or Google Assistant and follow the steps.

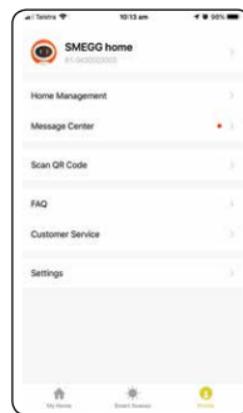

BrilliantSmart App Assistance

For BrilliantSmart app assistance click Profile then FAQ. This should answer any queries you have.

If this doesn't solve your problem then click '**Customer Service**', select '**New**' and click on the device then type in your query.

You should receive a response within 24 hours.

For further Troubleshooting or to connect via AP Mode go to www.brilliantsmart.com.au.

Other BrilliantSmart functions

CCT

Select the desired white colour temperature. (Warm White - Cool White - Daylight)

Dimming

Select the desired dimming level from 0% to 100%.

Timer & Schedule function

Click to set ON/OFF time.

Manual Override

The ceiling light can be turned ON/OFF manually from the wall switch (ensure your electrician installs/keeps the existing wall switch in place).

Memory

The smart device will remember what dimming levels and colours are selected when the light is turned off and on via app.

If power is disconnected this can reset smart device dimming level back to 100%

Device Reset

If reset needed to smart device, turn the power off then on three times. Colour will revert to warm white and blink rapidly. Follow setup instructions as required.

Warranty

Brilliant Lighting warrants this product against defects in manufacture and workmanship for a period of 3 Years from date of purchase. Warranty does not include damage or loss arising from incorrect installation, operation or maintenance of this product, damage caused through modification, or incorrect installation.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if goods fail to be of acceptable quality and the failure does not amount to a major failure.

Any claim under this warranty must be made within 3 Years of the date of purchase of the product.

Refer to our website brilliantlighting.com.au for terms and conditions and warranty claims.

IMPORTANT SAFETY ISSUES

Ensure the power is disconnected before installing. This product is NOT suitable for damp or explosive environments.

Modification of this product will void any warranty. Indoor use only. Do not cover in insulation.

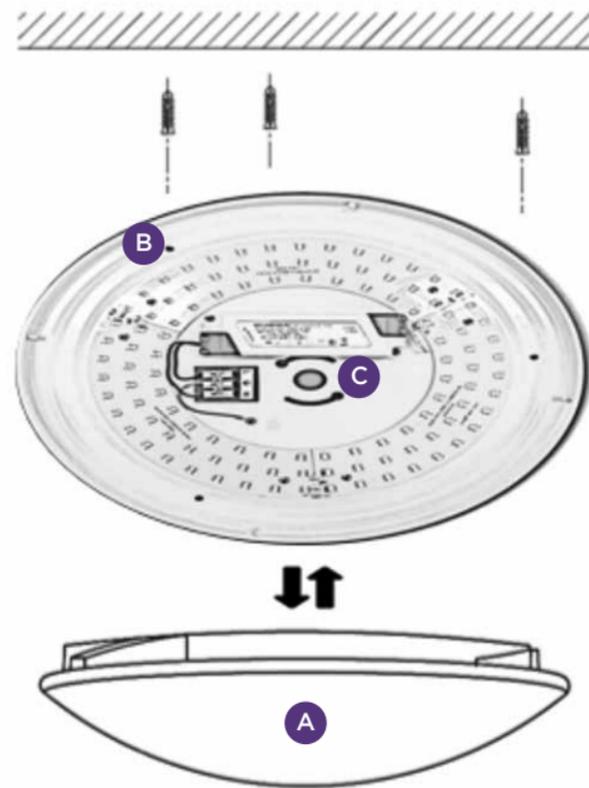

The installation must follow AS/NZS 3000 wiring rules and building codes.

When drilling into walls and ceilings, care must be taken to ensure you do not damage electrical wiring and other hidden utilities.

Product Features – Class I Construction.

Installation

1. Disconnect power.
2. Remove diffuser 'A' by twisting anticlockwise.
3. Drill required holes in the ceiling using the holes 'B' in the fixture as a template.
4. Use screws and suitable fixture system to secure the fixture to the ceiling ensuring that the mains wire is through the entry hole 'C'.
5. Remove the terminal block cover.
6. Connect the Active (L), Neutral (N) and Earth according to the markings on the terminal block.
7. Re-attach diffuser 'A'.
8. Restore power.

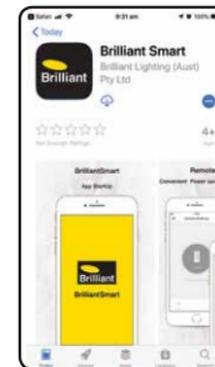

Connect to your WiFi

Ensure your mobile phone is connected to your 2.4GHz WiFi network.

Your mobile phone and your smart device need to be within a maximum range of approx. 30 metres from your WiFi router.

Download the BrilliantSmart App

Please download the free BrilliantSmart app from the App store or Google Play store, or scan the QR code below.

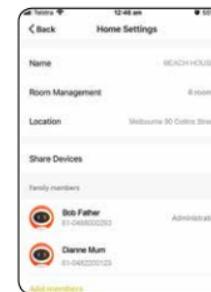

Register the BrilliantSmart App

Open the BrilliantSmart app. For new users, register a new account or if existing user, login with your user name and password.

Configure your BrilliantSmart App

Setting up your Home

You can setup multiple homes or locations. Click 'Add Home' button. Or Click on 'Home' top left if you are adding or modifying details then 'Home Management' to setup your home(s), add or rename rooms and share devices.

Add your Smart Device to your App

1. Arrange installation of your Smart ceiling light by a Licensed Electrical Contractor (refer installation instructions at start of this manual).
2. Once safely wired, the licensed electrical contractor should power on device at wall switch. Turn the wall switch OFF/ON until the ceiling light starts to blink rapidly (2 times per second).
3. Open the BrilliantSmart App, tap 'Add Device' (if empty room) or '+' to add your Smart downlight.
4. Select 'Lighting Devices' in the list of devices. If ceiling light is blinking rapidly then press 'Confirm indicator rapidly blink'.

5. Enter your WiFi password.

Connection will now begin.

6. Once connected you'll get a menu 'Adding device succeeded'. Select the room device and press 'Done'.

You can click on the pen to change the device name.

7. The smart device can now be controlled by the BrilliantSmart app.
