

CHAM-REM-2C

RF + Bluetooth Tuneable White Remote

Description

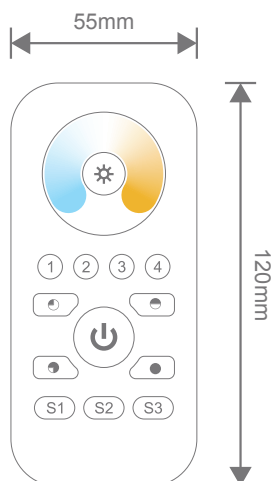

The CHAM-REM-2C is an RF + Bluetooth Tuneable White remote control that is to be used with the CHAM-BT-RF-5C receiver. This remote allows you to select the desired White from the tuneable White colour range as well as dim the LED strip. It also allows you to save specific scenes that you use on a regular basis. The CHAM-REM-2C also allows for ease of use and storage with the accessory mounting bracket.
