

## NOVA-24-REC LED Mounting Profile

### Description

Introducing the NOVA-24-REC mounting profile system. The NOVA-24-REC is specifically designed for the Domus range of LED strip lighting. This aluminium mounting profile system incorporated extruded profile complete with a flat opal PMMA diffuser. The key features of the NOVA-24-REC is the ability to not only conceal the LED strip lighting but also keep the strip lighting linear. Also, the NOVA-24-REC keeps LEDs free from foreign objects and vapours which may damage the LEDs. A simple and shallow yet very contemporary LED recess mounted profile ideally suited to under bench mounting, wardrobes or laundry applications where minimal mounting requirements are needed.

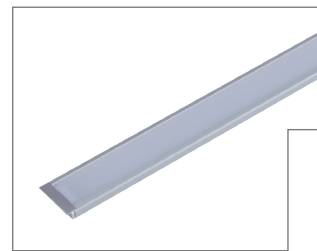

### Specification Features

Installation:	Recess mounted
Material:	Extruded aluminium 6063
Finish:	Natural clear anodised
Diffuser:	Flat (PMMA) high output opal/frost
Length (mm):	2500mm continuous*
Size (mm):	Profile (W) 30.5mm (H) 11mm
Accessories (each):	End caps**
Special:	Custom powder coated colour upon request***
Driver Installation:	Remote driver required (not included)

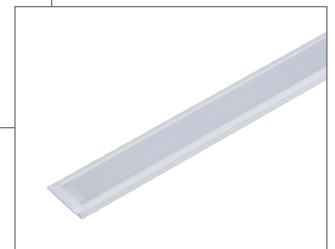

\* Profile sold per meter. Can be cut to lengths up to 2.5m.

\*\* Accessories included.
