COMMA 2 LIGHT Copper

SKU:OL7718CO

Comma 240V, twin outdoor (IP44) spotlight is designed for casting light up and down a wall, beam or pillar. Constructed from raw copper and brass, Comma will develop a natural patina over time, adding to its appeal in a natural setting. This is not considered a defect. Requires a GU10 globe, we recommend our TC (temperature control) LED. Surface marks and blemishes are part of the rustic look of this fitting.
