Description

Beat the heat with the Black 52" Caprice Ceiling Fan by Mercator. The Caprice boasts a large 60w motor optimised for better airflow efficiency to cool you down. This 4 blade ceiling fan offers a sleek modern design with quiet plywood blades making it ideal choice for bedroom or living areas.

Featuring a Summer/Winter energy saving reverse switch located on the motor housing to assist with both heating and cooling, allowing all season operation.

This Caprice model is supplied with a wall controller. Optional remote controller is available (Sold separately - please see related accessories)

Please note this particular Caprice model does not include a light.
