Description

The newest in Smart technology!

Mercator's Ikuu range has launched with a vast range of Smart products for your home now available!

The Mercator Ikuu Anova is the height of convenience. With a timeless, modern black exterior, the Anova is built with an energy-efficient DC motor, and quiet ABS blades. The Anova pushes a maximum airflow of 10,552m3/hr and is suitable for both indoor and outdoor areas.

With the Mercator Ikuu app, you can customise your Anova fan to run on automatic timers, or even group multiple Mercator Ikuu ceiling fans together and control them simultaneously. This makes the Anova the perfect fan for the bedrooms, living and dining areas.

A remote control is bundled with the Anova fan for standard function. Voice control is also possible with Google Assistant or Amazon Alexa.

The Ikuu app can be found on the Apple App Store and Google Play Store.
