Description

The newest in Smart technology!

Mercator's Ikuü range has launched with a vast range of Smart products for your home now available!

The Mercator Ikuü Anova is the height of convenience. With a timeless, modern black exterior, the Anova is built with an energy-efficient DC motor and quiet ABS blades. The Anova pushes a maximum airflow of 10,552m³/hr and is suitable for both indoor and outdoor areas.

With the Mercator Ikuü app, you can customise your Anova fan to run on automatic timers, or even group multiple Mercator Ikuü ceiling fans together and control them simultaneously. This makes the Anova the perfect fan for the bedrooms, living, and dining areas.

The 20W LED light is CCT from a warm white 3000K to 6500K, and dimmable to suit your needs.

A remote control is bundled with the Anova fan for standard function. Voice control is also possible with Google Assistant or Amazon Alexa.

The Ikuu app can be found on the Apple App Store and Google Play Store.
