Description

The newest in Smart technology!

Mercator's Ikuu range has launched with a vast range of Smart products for your home now available!

As part of the new range, the Casa DC ceiling fan in White has an incredibly efficient and whisper quiet 35W DC motor, with 6 total speeds available on the remote and Ikuu app.

Its 3 ABS moulded plastic blades and powder coated metal motor housing ensures operation can occur both indoors and outdoors under enclosed areas. These include bedrooms, living and dining areas, as well as alfresco dining and patios.

The Ikuu app (available on Apple App Store and Google Play) allows automation and customisable timers for the fan when connected to WiFi (2.4GHz), setting up routines for more efficient usage.
